CHAUTAUQUA ATTRACTIONS

MRS. RIHELDAFFER WON NEW
LAURELS LAST EVENING—A
SPLENDID PROGRAM TO-
MORROW.

The chautauqua is still the center of interest for the Ada public. W. P. Hale entertained a good audience yesterday afternoon, and in the evening a crowded house greeted Mrs. Grace Hall-Riheldaffer.

Never before has a more enthusiastic audience been assembled than the one that greeted Mrs. Grace Hall-Riheldaffer, soprano, and her splendid accompanist Miss Aele Reahard.

The entire program was most delightfully rendered by these artists. Mrs. Riheldaffer has a most beautiful soprano voice, and this, with her clear pronunciation and charming manner, made her program the most enjoyable that has been heard here. Miss Reahard gave three numbers that were also thoroughly enjoyed. Her rendition of "Hark, Hark, the Lark" by Schubert-Liszt could not have been excelled.

To the management of the Southwestern chautauqua the people of Ada feel grateful that they were privileged to enjoy this treat, and their return will ever be anticipated with interest and pleasure.

Tomorrow will be the last and crowning day of the course. At 3 o'clock the Star Male Quartette will give a short program of sacred music, after which Lee Francis Lybarger will deliver his lecture on "Land, Labor and Wealth." Those who heard Lybarger Thursday evening will need no urging to attend this lecture. He is doing some effective work for the people of America and his lectures present the big questions of the day in a manner that carries weight and makes the people consider what is ahead of them.

The closing number will be another short program in the evening by the Star quartet and Ott's famous lecture on "Sour Grapes." In this he presents the results of some deep study of the problems of hereditary. This number is free to the public.

The program for this evening will be a lecture by Sylvester Long on the subject, "Lightning and Tooth-picks." Just what points of similarity or difference in these two things he will bring out, the News is unable to say, but papers published in towns where other chautauquas are being

held, are enthusiastic over this breezy production.

Protest About Normal Teachers.

Oklahoma City, Ok., June 16.—Protest came to Gov. Cruce today against appointment of some of the teachers named for the Durant State Normal, contending that some of the teachers removed should have been retained. The governor will reply that he is not a member of the state board of education, therefore, has nothing to do with selecting teachers for state institutions.

H. E. Garner was in from Stratford this morning.

MEMBERS OF PORUM MOB INDICTED

Muskogee, Okla., June 17.—Thirty-two indictments were returned by the special grand jury which has been in session here for the past two weeks inquiring into the mob violence at Porum. The grand jury made a report to Judge Allen of the district court this morning, returning this many bills and recommending that the county commissioners and the sheriff send to Porum six specially picked men and keep them on duty there constantly until all trouble has ceased. Whether this recommendation will be carried out is not yet known, as Sheriff Wisener has not now any more than enough men to run his office. The sheriff, it is believed can handle the situation, and stamp out the alleged lawlessness if the commissioners will give him authority to put on more men and furnish him with sufficient funds.

Mob Leaders.

It is said that among the indicted are the men who led the mob at Porum when it attacked the home of Pony Starr and was repulsed by Starr and Joe Davis. No arrests have yet been made and the county officials refuse to give out the names of those indicted until they have been placed under arrest.

Meet Again Monday.

Judge Allen held the grand jury until further notice. The jury adjourned until Monday and when it meets again it will investigate the depredations at Porum this week, including the shooting into the home of James M. McClure by two night riders, and running Bill Arnold out of town. Arnold was sent to the Sam Davis home to look after Davis' prop-

erty and was ordered to leave or run a chance of losing his life.

Two More Men Run Off.

Two other men were given the "skids" at Porum yesterday by the citizens of the town. They are Jesse Reynolds and John Miller. They are known to be friends of Pony Starr. They were told to leave town and not to return and it is said they were escorted to the train bound for Muskogee. Dan Foster, one of the star witnesses against the Davis boys and Ben Graham, are said to now be in Porum.

It is believed no trouble will result in the arresting of the men indicted for inciting riot. The grand jury will continue in session and will in all probability indict any person that they hear is trying to stir up trouble, either by talking or otherwise.

A peculiar condition at Porum is the guarding of the Sam Davis home by citizens who are opposed to the Davis boys living in that part of the country. Men are guarding the place to keep any one from destroying the Davis property. This is done, it is said, for fear some one will burn or destroy it and the affair will be charged to the anti-Davis faction.

OKLAHOMA CITY READY WITH THE MONEY

Oklahoma City, Ok., June 17.—Members of the State Capital Development company called on Gov. Cruce today and advised him that it would have the first \$25,000 payment ready for delivery on July 1 as per contract; also that the matter of listing the lots for sale was under way.

The governor told the callers that for the state there would be no technical features of the contract involved, and that he hoped the same spirit it would be manifested on the part of the development company. He said that the state wanted the agreement carried out, and this the callers said the company would do.

Owing to that clause in the contract which provides that the company shall not be required to pay the money to the state faster than the state is able to use it, it is improbable that the second \$25,000 will be paid on Aug. 1, since it is practically certain the state will not be able to expend the first amount between July 1 and Aug. 1.

MAINE WILL BE RAISED IN ANOTHER MONTH

Havana, Cuba, June 17.—General Bixby of the United States board of engineers, after an inspection of the work on the raising of the battleship Maine, said today that it would probably be a month before the wreck is fully exposed to view, although progress is being made. So far as can be seen at present the Maine is but a tangled mass of wreckage.

"In spite of handicaps the work is going forward in a most satisfactory manner," said General Bixby. "The full force of the explosion was felt in the forward quarters though the after deck is badly wrenched and the engine room is awry."

"Toward the bow little can be seen save some jagged steel under the water."

Heavy rains are checking the work, causing the water to rise in the dam. It is likely that the cofferdam will be reinforced with truss work.

GRADED DIPLOMAS ISSUED

The following pupils of the Ada School of Music who received their graded diplomas:

Miss Alta Essman, piano; Miss May Stewart, piano; Miss Fannie McKinney, piano; Miss Pearl Mishler, piano; Miss Rose Batterton, piano; Miss Esther Tobias, piano; Miss Mary Price, piano; Miss Mado Charlton, piano; Miss Laura Whipple, piano; Mr. Owen Fauntleroy, piano; Mr. David Jackson, violin; Mr. Jim Grigsby, violin; Mr. John Keltner, violin; Miss Emma Hopper, mandolin; Miss Wynona Stewart, mandolin; Miss Nell Flske, violin; Miss Willie Tom Trullitt, violin.

GOOD ROADS MEETING

LARGE AND REPRESENTATIVE GATHERING OF CITIZENS DIS- CUSS ROAD QUESTION—COM- MITTEE APPOINTED.

The call issued by the county commissioners for a mass meeting of the voters and taxpayers of the county for a conference regarding good roads and bridges met a hearty response this afternoon when the court house was filled with men from every part of the county. Although no definite action could well be taken by a meeting of this character, the interest taken showed that the people are fully alive to the importance of the question and will be ready to take hold of the proposition and build a fine system of roads in Pontotoc county.

The meeting called to order by M. L. Hunt, chairman of the board of commissioners, who stated the object of the meeting, and also stated that not only have the commissioners no funds at present for the work of improving roads and building bridges, but it was not likely that they would be any better off during the coming year, and that if the people wanted roads they must avail themselves of the provisions of the law authorizing the formation of road districts and the issuance of bonds for the construction of the roads.

On motion of J. W. Davis, Joe Rushing was elected chairman of the meeting, and on motion of R. M. Roddie Orel M. Harper was elected secretary.

R. M. Roddie was called for and he stated the provisions of the law that governed the creation of the districts. When 15 per cent of the voters, of any proposed district petition the commissioners, they must order an election held and if 60 per cent vote favorably the bonds will be issued. On other roads the county can work convicts which the state will furnish, provided the county will feed and guard them.

He was followed by J. W. Davis who did not like the suggestion that Ada might be included in four districts and thereby be called upon to pay four times the rate paid by outlying districts. Mr. Davis made the plea that the laboring classes of Ada were poor as any farmers and he would object to their being taxed at any heavier rate.

Short talks were made by L. C. Lindsey, Geo. Waldbly, Jno. Crawford and others whose names the reporter was unable to secure at the time.

At the conclusion of the meeting a resolution was passed calling on the commissioners to order an election to pass upon the question of bridge bonds, and the following committee appointed to correspond with the citizens of all sections of the county regarding the sentiment for the issuance of road bonds: J. W. Davis, R. W. Simpson, L. C. Lindsey, A. K. Thornton and A. B. Meyer.

It was also ordered that another mass meeting be called to meet July 1 at 12 o'clock to hear the report of the committee and take such further action as the occasion might demand.

THE TENT MEETING

The subject tonight will be "Time of the Judgment." All have a case pending in the great heavenly tribunal.

Sunday night the sermon will be given to the young people. Everybody is invited but we want the young people especially, married and unmarried to attend.

Remember the place. Corner of 8th and Oak avenue, Old Town.

Grass Hoppers Work.

Wynnewood, Okla., June 17.—Grass hoppers have done considerable damage, to corn and cotton crops in some sections of the county. A few reports have come in that small parts of some crops have been literally eaten up by this pest.

The First Cotton Bloom.

Although the News had heard of cotton in some parts of the county being in bloom, the first brought to the office was this morning by J. H. Paine of Oakman, one of the hustling farmers of Pontotoc county.

Press reports say that Diaz did not

tion in Spain. Of course not. It is hu-
man nature to turn the cold shoulder

the higher his station had been, the
colder the shoulder.

And now the new Mexican govern-
ment threatens trouble for foreigners
who received concessions at the
hands of Diaz. Well, if they don't
want American capital in Mexico, the
investors can employ it to good ad-
vantage in Oklahoma. Better come on

Health officers place domestic house
flies under the ban. Recommend that
traps be set out on the streets down
town. The sanitary inspector says he
noted that a trap set in front of a
meat shop caught enough flies in
twelve hours to fill a foot square box
and where traps have been set in
front of store or market keeping food-
stuffs the pestiferous house flies have
not only been lured from the screens
but have been seen by him coming
from within whenever the doors have
been opened. Said the inspector: "A
store, shop or stable can be cleaned
of all flies in a very little while; and
if the business houses down town

would follow the example set for at
least one month of the fly time, the
decrease in the pests would be al-
most beyond conception in annoyance
sawed and prevention of sickness
spread."

Much Money in Uncle Sam's Box.

Washington, June 16.—Treasury
officials today estimated that the
treasury will start the new fiscal year
on July 1 with a balance of \$80,000,-
000 instead of the \$25,000,000, which
the treasury has now. This will be
the largest working balance the treas-
ury has had for a long time.

The treasury has collected about
\$10,000,000 of the corporation tax. It
is expected about \$16,000,000 more
will come in before the present fiscal
year ends. As against this, a large
sum will have to be paid out for the
Panama canal. This will run any
where from \$1,000,000 to \$3,000,000.

The outlook for the sale of the new
Panama canal bonds is highly en-
couraging to the treasury. Bids will
be opened for \$50,000,000 worth of
the bonds at 4 o'clock tomorrow. The
loan will be heavily over subscribed.
Indications are the whole issue will
be sold at not less than 102 and per-
haps higher.

Many Potatoes at Ft. Gibson.

Muskogee, Okla., June 17.—Fifty
thousand bushels of potatoes have
been shipped from Fort Gibson with-
in the past three days and 25,000 bush-
els are now at the railroad stations
ready to be moved to destination. A
special train has been operated out
of Fort Gibson on the Frisco every
night this week to move the crop. The
train usually consists of fifteen cars
and is operated to Okmulgee.

While the crop in the vicinity of
the town is not as large as in pre-
vious years, yet it is bringing a much
better price, the potatoes selling for
\$3 per bushel in eastern markets. The
usual price at this time of year is
seventy-five cents per bushel. It is
estimated that the crop will net the
farmers about Fort Gibson about
\$500,000.

New Railroad from Atoka to Hugo.

Oklahoma City, Okla., June 17.—
Defeat of Sec. 9 of Art. IX of the
constitution will not prevent the build-
ing of the railroad lines from Hugo
to Atoka, according to Senator W. P.
Stewart of Hugo, who was a depart-
mental visitor today. Senator Stew-
art was one of the authors of the leg-
islative substitute for Sec. 9, which
would have permitted the absorption
of domestic rail lines by corporations
organized and chartered in other
state.

"We have gathered \$50,000 in cash
and agree to furnish twelve miles of
right of way and thirty acres of land
for depot and terminals," said the
senator, speaking for his town. "We
expect work to begin in August, and
the road will be known as the Hugo
Northwestern. If Hugo can get the
road built we do not care whether
the constitution is amended or not."

BETTER THAN SPANKING

Spanking does not cure children of bed-
wetting. There is a constitutional cause for
this trouble. Mrs. M. Summers, Box W.
South Bend, Ind., will send free to any mother
her successful home treatment, with full
instructions. Send no money, but write her
today if your children trouble you in this
way. Don't blame the child, the chances are
it can't help it. This treatment also cures
adults and aged people troubled with urine
difficulties by day or night.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple
Remedy Will Bring Back
the Natural Color.

"Pull out one gray hair and a dozen
will take its place" is an old saying,
which is, to a great extent, true, if no
steps are taken to stop the cause. When
gray hairs appear it is a sign that Na-
ture needs assistance. It is Nature's
call for help. Gray hair, dull, lifeless
hair, or hair that is falling out, is not
necessarily a sign of advancing age, for
there are thousands of elderly people
with perfect heads of hair without a
single streak of gray.

When gray hairs come, or when the
hair seems to be lifeless or dead, some
good, reliable hair-restoring treatment
should be resorted to at once. Special-
ists say that one of the best prepara-
tions to use is the old-fashioned "sage
tea" which our grandfathers used. The
best preparation of this kind is Wyeth's
Sage and Sulphur Hair Remedy, a prepa-
ration of domestic sage and sulphur,
scientifically compounded with later dis-
covered hair tonics and stimulants, the
whole mixture being carefully balanced
and tested by experts.

Wyeth's Sage and Sulphur is clean and
wholesome and perfectly harmless. It
refreshes dry, parched hair, removes
dandruff and gradually restores faded or
gray hair to its natural color.
This preparation is offered to the
public at fifty cents a bottle, and is
recommended and sold by all druggists.

THE REAL TEST

Of Herpicide Is In Giving It a Thor-

There is only one test by which to
judge of the efficiency of any article

No, they do not, but Herpicide does,

Progress of Lumber Trust Probe.

Kansas City, Mo., June 16.—After
being in session here five days, the
hearing of the state's ouster suit
against the alleged lumber trust ad-
journd today to reconvene in Jeffer-
son city, June 27. The state then will
introduce three or four witnesses and
rest its case. Then the defense will
begin the presentation of its evi-
dence.

As to Higher Prices.

Albert Bushnell, a lumber commis-
sion dealer of this city, was the only
new witness introduced today. His
testimony was that yellow pine prices
had gone up from \$10 to \$20 a thou-
sand feet in the last fifteen years and
that the increases generally followed
the issuance of price lists by the
yellow pine manufacturers' associa-
tion.

Presents Statistics.

Attorney W. C. Scarritt, for the de-
fense, introduced the last report of
the forestry branch of the department
of Commerce and Labor of 1909, show-
ing that in the last ten years other
kinds of lumber had advanced in
price more than had yellow pine. The
report showed these advances:

Hickory, 64 per cent; yellow pop-
lar, 81 per cent; ash, 55 per cent;
oak, 48 per cent; cedar, 82 per cent,
and cottonwood, 74 per cent.

Gorsuch Makes Denial.

Harry A. Gorsuch, secretary of the
Southwestern Lumbermen's Associa-
tion, on cross-examination today said
the "blue books" issued by his associa-
tion were similar in nature to re-
ports sent out by mercantile agencies.
He denied they showed any discrimina-
tion as to whether a firm did or
did not belong to any particular lum-
bermen's association.

Man Falls 31 Stories.

New York, June 17.—A workman
employed on the Bankers' Trust
Company building on the northwest
corner of Wall and Nassau Street,
fell thirty-one floors from the top of
the steel frame of the building to
Wall street today. It was Wall street
lunch hour and the crowd packed
the sidewalk and hundreds of young
women from brokerage and law of-
fices were on the street.

There was a shout of horror. The
body whirled as if from the very
clouds and one witness declared that
the momentum was so terrific as the
workman shot to his death that his
head was torn off. A leg was thrown
high in the air and struck Robert J.
Morris, who was walking on New
street. The unfortunate man is said
to have been a single man named
Anderson, about 35 years old.

It is, we think, quite likely that if such
an investment were possible, you'd
eagerly pay TWICE AS MUCH as
it would cost you to secure these 100
REGULAR CUSTOMERS
through an advertising campaign big
enough and aggressive enough to really
make people ACQUAINTED with

CLAIRVOYANTS BORN, NOT MADE ROSCOE ARNOLD

Penetrates the Soul, Delves Into the
Past, and Inquires Into the
Future.

Born with a veil, educated in ac-
counting with three and one-half
years law at Topeka, Kansas, and
nine years experience in philosophy
and occult mysteries. I do not have
to ask you a single word in order
to tell what ails you most or to de-
scribe your conditions. If threatened
with sickness, I will point out day
the crisis may be expected to appear.

I could specialize in predicting the
future, rise or decline of reputable
stocks and bonds, if called to my
attention.

If you are honest and really want
to know the out come of some love
affair that you are in earnest about,
and, if the other party is true, I will
describe color of their hair and eyes
as well as disposition, and tell you
whether there will ever be a match
or put you on the right track. I po-
sitively guarantee to do this, else the
interview does not cost you any-
thing. Everything held sacredly con-
fidential.

In replying orally to specific ques-
tions I undertake four for only \$1.00
or thirty-minute consultations can be
arranged by appointment for \$2.50.
NO TRIFLING.

In general I can even read your
letters while they are still in trans-
it, yet such service is not included
in this advertisement inasmuch as
the fee for same is in excess of any-
thing designated herein, besides the
right is reserved to reject any work
or inquiry, which in my opinion,
would not be relevant to or for the
betterment of your own business.
However, if you are worried over
life or property at stake, and you
are willing to pay for expert infor-
mation, consult me.

Miss Mayme Matthews returned yester-
day afternoon from Tulsa where
she attended the state meeting of the
Christian Endeavor society. She re-
ports that it was the best meeting
ever held. Early in July the inter-
national convention will be held at
Atlantic City. A special train will
leave Oklahoma City July 4 and the
delegates will be taken on a trip
through Canada and via Buffalo to
Atlantic City. The party will also be
given the opportunity to take a num-
ber of side trips to points of interest.

J. J. Stanger, Hansel Looper and
Earl Stanger were in from Maxwell
this morning. Earl stated that al-
though corn is badly damaged by the
hot winds, the cotton in his neigh-
borhood never looked better.

YES; Some Good Printing

Costs Too Much; Too!

IT'S the same as with
other good things. The
temptation to charge "stiff
prices" for high-class things,
or high-class service, is al-
ways natural. For in all
artisanship nowadays the
standard is higher—the
doom of the commonplace is
pronounced. So that, as to
printing, high-grade work
is not apt to cost you more
than it's WORTH; still,
you can pay more for it at
some places than at others—
and this shop is one of the
"others."

It will pay you to get
our prices before placing
your order for printing.
